

TABLE OF CONTENTS

Chapter	Page
INTRODUCTION	
I. PEPTIC ULCER DISEASE	
- Definition	1
- Epidemiology	1
- Etiology	3
- Pathophysiology	4
- Clinical picture of uncomplicated peptic ulcer	10
- Investigations	12
- Treatment	14
II. BLEEDING PEPTIC ULCER	
- Definition and Epidemiology	24
- Pathogenesis	25
- Approach to diagnosis and therapy	26
- Clinical presentation	28
- Laboratory evaluation	29
- Endoscopy	30
- Treatment	31
III. PEPTIC ULCER PERFORATION	
- Definition and Incidence	45
- Risk factors for perforation	46
- Pathology	46
- Diagnosis	48
- Tension pneumoperitoneum	49
- Non operative Treatment	51
- Operative Treatment	52
IV. PENETRATION	
- Presentation	60
- Penetration to biliary tract	61

- Penetration into the liver	63
- Pneumopericardium	64
- Gastrocolic fistula	65
- Intra abdominal inflammatory mass	66
- Double pylorus	67
 V. OBSTRUCTION SECOUNDARY TO PEPTIC ULCER	
- Pathology	70
- Pathophysiology	71
- Diagnosis.....	72
- Treatment	76
 VI. MALIGNANT TRANSFORMATION	
- Epidemiology	84
- Pathogenesis and carcinogenesis	85
- Diagnosis.....	89
- Staging	91
- Management.....	93
 SUMMARY.....	102
 CONCLUSION.....	105
 REFERENCES	106
 ARABIC SUMMARY.....
