	Page
LIST OF FIGURES.	I
LIST OF TABLES.	IV
INTRODUCTION.	1
MATERIALS AND METHODS.	7
I. Methodes for morphometric measurements.	12
II. Methodes for haematological tests....	15
RESULTS :	21

PART I

MORPHOMETRIC CHARACTERISTICS	22
A. Morphometric indices.	22
1. Total length/ Standard length index.	23
2. Standard length/ Head length index.	23
3. Standard length / Body depth index.	24
B. Morphometric regressions.	31
C. Length - weight relationship.	40
D. Condition factor. " K ".	52
E. Length - frequency distribution.	55

PART II

HAEMATOLOGICAL STUDY	60
A. Erythrocyte count.	60
B. Lencocyte count.	61

Figure		Page
4	A scatter diagram to show the relation between the total length and the different morphometric measurements for the mirror carp <u>Cyprinus carpio</u> V. <u>specularis</u> Lac.... ..	38
5	The relation between the total length and the different morphometric measurements for the mirror carp <u>Cyprinus carpio</u> V. <u>specularis</u> Lac.... ..	39
6	Length - weight relation of the mirror carp <u>Cyprinus carpio</u> V. <u>specularis</u> Lac.	46
7	Log length-log weight relationship of the mirror carp <u>Cyprinus carpio</u> V. <u>specularis</u> Lac.... ..	49
8	Variation in weight of the mirror carp <u>Cyprinus carpio</u> V. <u>specularis</u> Lac. according to their length.... ..	51
9	Length - Frequency distribution of mirror carp <u>Cyprinus carpio</u> V. <u>specularis</u> Lac.... ..	59

Figure		Page
10	The relation between the total weight and the erythrocyte count of the mirror carp <u>Cyprinus carpio</u> V. specularis Lac... ..	64
11	The relation between the total weight and the leucocyte count of the mirror carp <u>Cyprinus carpio</u> V. specularis Lac.	65
