AIM OF THE WORK	1
ABSTRACT	2
<u>CHAPTER 1 : INTRODUCTION</u>	5
1.1. Primarily Note on the Rubber Processing and Manufacturing	6
1.1.1 Isobutene-Isoprene Rubber [IIR]	8
1.1.2 Fillers	10
1.1.2.a Carbon Black	11
1.1.2.b Non-Black Fillers	13
1.2 Electrical Conduction in Polymers ...	14
1.3.1 Electrical Properties of Conducting Polymeric Composites	18
1.3.2 Electrical Properties of Carbon Black Filled Composites	20
1.4 Factors Affecting the Electrical Properties of Conductive Rubbers	25
1.4.1 Effect of Carbon Black	25
1.4.2 Effect of Processing and Other Factors on the Electrical Properties of Rubber	27

	PAGE
<u>CHAPTER 2 :</u> <u>LITERATURE SURVEY</u>	29
2.1 Theories of Conduction Mechanisms in Conductive Polymeric Materials	29
2.2 Conductor/Insulator Composites : Electrical and Thermal Properties ...	38
2.2.1 Introduction	38
2.2.2 Electrical Properties	39
2.2.3 Thermal Properties	44
2.3 Carbon-Black Filled Rubber Composites	49
2.4 Effect of Addition of Barium Titanate on the Electrical and Thermal Properties of Polymeric Materials	55
<u>CHAPTER 3 :</u> <u>EXPERIMENTAL WORK</u>	60
3.1 Materials Used in This Work	60
3.1.1 Rubbers	60
3.1.2 Carbon Black	60
3.1.3 Barium Titanate	63
3.2 Preparation of the Rubber Composites	66
3.3 Electrical Conductivity Measurements	66
3.4 Thermal Conductivity Measurements	77

	PAGE
CHAPTER 4 : RESULTS AND DISCUSSION	80
4.1 Introduction	80
4.2 Effect of BaTiO ₃ on the Electrical and Thermal Properties of Carbon Black-Loaded Butyl Rubber	81
4.2.1 Temperature Dependence of the Electrical Conductivity	84
4.2.2 Current-Voltage-Temperature Characteristics	88
4.2.3 Temperature-Time Characteristics	97
4.2.4 Thermal Conductivity	107
4.3 Effect of Carbon Black Concentration on the Electrical and Thermal Effects of Carbon Black-Loaded Butyl Rubber	114
4.4 Other Factors Affecting the Electrical and Thermal Effects of Carbon Black-Loaded Butyl Rubber	131
4.4.1 Effect of the Ambient Temperature	131
4.4.2 Effect of the Sample Dimensions	133
4.4.3 A.C. Measurements	139
4.4.4 Ageing of Samples	141
CONCLUSION	148
