INTRODUCTION AND HISTORICAL REVIEW	1
MATERIAL AND METHODS	15
Analysis of the mixed Nile drainage water	15
Collection of the samples	15
Determination of total protein	20
Determination of Enzyme activities	21
Statistical analysis	33
RESULTS	37
Total blood protein	37
Blood serum Enzymes	40
Total liver protein	52
Liver Enzyme activities	55
Total brain protein	68
Brain Enzyme activities	71
Haematology	86
Effect of metal combination on total serum protein ...	98
Effect of metal combination on blood serum enzymes.	102
Effect of combined metals on total liver protein	114
Effect of combined metals on liver enzyme activity ...	117
Effect of combined metals on total brain protein	129
Effect of combined metals on brain enzyme activity ...	132
Effect of paired metals on some haematological aspects	144
DISCUSSION	155
SUMMARY	181
REFERENCES	211
ARABIC SUMMARY	--
