ACKNOWLEDGEMENT.....	I
AIM OF THE WORK.....	II
SUMMARY	III
LIST OF FIGURES	IV
LIST OF TABLES	V
CHAPTER 1.....	
1. INTRODUCTION.....	1
1.1. TERMINOLOGY AND CLASSIFICATION.....	1
1.2. CHARACTERISTIC PROPERTIES OF RUBBER.....	3
1.2.1. RUBBER DISSOLUTION.....	3
1.2.2. RUBBER DEFORMATION.....	3
1.2.3. RUBBER THERMAL BEHAVIOR.....	3
1.2.4. ELETRICAL INSULATION PROPERTIES OF RUBBER.....	4
1.3. SYNTHETIC RUBBER.....	4
1.3.1. POLYMERIZATION METHODS FOR SYNTHETIC RUBBER.....	4
1.3.2. PROPERTIES AND CHEMICAL STRUCTURES OF RUBBERS.....	5
1.4. SCRAP TYRES RECYCLING.....	14
1.4.1. COMPOSITION AND PROPERTIES OF CAR TYRES.....	16
1.4.2. CLASSIFICATION OF PLASTIC RUBBER.....	17
1.4.3. RECYCLING OPTIONS FOR USED CAR TYRES.....	17
1.4.3.1. MECHANICAL TREATMENT OF TYRES.....	19
1.4.3.2. THERMAL TREATMENT OF TYRES (PYROLYSIS).....	20
1.4.3.3. MAJOR OPERATING CONDITIONS.....	21
1.4.3.4. DECOMPOSITION MODES.....	25
1.4.3.5. CHEMICAL RECYCLING.....	27
1.4.3.6. INCINERATION AND ENERGY RECOVERY FROM USED TYRES.....	28
1.5. PROBLEMS ASSOCIATED WITH UNCONTROLLED SCRAP TYRE DISPOSAL.....	29
1.6. LUBRICATING OIL.....	30

1.6.1. PARAFFINIC COMPONENTS.....	31
1.6.2. NAPHTHENIC COMPONENTS.....	31
1.6.3. AROMATIC COMPONENTS.....	31
1.7. PRETREATMENT OF LUBE OIL	32
1.7.1 DEWATERING.....	32
1.7.2. FILTERING & DEMINERALIZATION.....	33
1.7.3. PROPANE DE-ASPHALTING.....	33
1.8. RECYCLING OF LUBE OIL.....	33
1.8.1. ACID CLAY PROCESS.....	34
1.8.2. ENVIRONMENTALLY SOUND TECHNOLOGIES (EST).....	34
1.8.2.1. VACUUM DISTILLATION WITH CLAY TREATMENT.....	35
1.8.2.2. THIN FILM EVAPORATION PROCESS.....	35
1.8.2.3. DISTILLATION WITH HYDRO TREATING.....	36
CHAPTER 2.....	
2. EXPERIMENTAL.....	40
2.1. MATERIALS.....	40
2.1.1. RUBBER WASTE.....	40
2.1.2. USED LUBRICATING OIL.....	40
2.1.3. CATALYSTS.....	40
2.2. TECHNIQUES.....	41
2.2.1. PYROLYSIS EXPERIMENTS.....	41
2.2.2. GAS CHARACTERIZATION.....	43
2.3. DETERMINATION OF THE GROSS CALORIFIC VALUES FOR THE PRODUCED GASES.....	44
2.4. SOLID AND LIQUID YIELDS.....	44
2.5. THE OLEFIN CONTENT.....	46
CHAPTER 3.....	
3. DISCUSSION.....	47
3.1. PLASTIC RECYCLING.....	47
3.2. CHEMICAL CHARACTERIZATION OF RUBBER POWDER.....	48
3.3. PYROLYSIS PROCESS OF RUBBER.....	49
3.4. CATALYSTS USED IN PYROLYSIS.....	50

3.5. FACTORS AFFECTING PYROLYSIS REACTION.....	50
3.5.1. FOR SINGLE CATALYST SYSTEM.....	78
3.5.1.1. EFFECT OF REACTION TEMPERATURE.....	78
3.5.1.2. EFFECT OF OIL: TYRE RATIO.....	86
3.5.1.3. EFFECT OF CATALYST CONCENTRATION.....	93
3.5.1.4. EFFECT OF THE TYPE OF CATALYST.....	100
3.5.1.5. THE CALORIFIC VALUE OF THE PRODUCTS.....	101
3.5.1.6. OLEFIN CONTENT OF LIQUIDS.....	101
3.5.1.7. CHAR CHARACTERIZATION.....	104
3.5.2. FOR MIXED CATALYST SYSTEM.....	105
3.6. COMPARISON BETWEEN GAS COMPOSITION IN CASE OF SINGLE AND MIXED CATALYST SYSTEMS.....	109
CHAPTER 4.....	
4. CONCLUSIONS.....	111
CHAPTER 5.....	
5. REFERENCES.....	113
ARABIC SUMMERY.....
