List of Tables ...

I	Introduction	I
II	Review of Literature ...	5
	• Chronic Obstructive Pulmonary Disease (COPD) ..	5
	– Etiology ...	5
	– Pathophysiology ...	6
	– Symptoms and Signs ...	7
	– Pathology ...	8
	– Laboratory Findings ...	9
	– Detection of COPD ...	10
	– Complications ...	11
	• Bronchial Asthma	13
	– Etiology and Pathophysiology ..	13
	– Pathological Features ...	14
	– Signs and Symptoms ...	14
	• Chronic Bronchitis ..	16
	– Etiology and Pathophysiology ...	16
	– Signs and Symptoms ...	16
	• Emphysema ...	18
	– Etiology and Pathophysiology ...	18
	– Pathological Features ..	18
	– Signs and Symptoms ...	19
	• Management of COPD ...	21
	– Preventive Measures ...	21
	– Pharmacological Therapy ...	23
	– Long-Term Oxygen Therapy (LTOT) ..	31
	– Aerosol Therapy ...	35
	• Pulmonary Rehabilitation ..	37
	– Goals of Pulmonary Rehabilitation Program (PRP) ..	37
	– Teaching Methods ...	40
	– Sequence of PRP ..	40
	– Chest Physiotherapy ..	43
	– Psychosocial Support ...	47
III	Aim of the Work ...	49

IV	<i>Methodology ..</i>	50
	• Setting ..	50
	• Samples ..	50
	• Tool ...	51
	• Methods ...	57
	• Implementation of the Study ...	59
	• Statistical Analysis ..	63
V	<i>Results ...</i>	65
	• Characteristics of the Studied Sample ..	65
	• Teaching - Learning Needs Pertaining to Knowledge and Skills of Studied Sample in Different Phases of the Study ...	68
	• Physiological and Functional Status Parameters of the Studied Sample ...	79
	• Comparisons Among Studied Variables in the Late Follow-up ...	89
VI	<i>Discussion</i>	93
	• The Personal Characteristics ...	93
	• Teaching - Learning Needs ...	94
	• Pulmonary Functional Tests ...	101
	• Pulmonary Functional Status ..	103
VII	<i>Conclusion</i>	109
VIII	<i>Recommendations</i>	110
IX	<i>Summary ...</i>	112
X	<i>References ...</i>	117
	<i>Appendix ...</i>	
	• Appendix I	
	• Appendix II	
	<i>Protocol of Thesis ...</i>	
	<i>Arabic Summary ...</i>
