Introduction	1
Aim of the work	3
Review of literature	
Chapter I Bronchial asthma	
○ Definition	4
○ Epidemiology	5
○ Path physiology	6
○ Risk factors and triggers of asthma	11
○ Classification of Bronchial asthma	28
○ Diagnosis of asthma	34
○ Management of asthma	40
Chapter II Respiratory syncytial virus	
○ History	50
○ Classification	50
○ structure and path physiology	50
○ Epidemiology	52
○ clinical pictures	56
○ complications	57
○ Diagnosis	58
○ prevention	59
○ Treatment	61
Subjects and Methods	63
Statistical analysis Results	67
Discussion	84
Summary and conclusion	94
Recommendation	96
Reference	97
Arabic summary
