I. Introduction	1
II. Review of Literature	4
1. Oxygen Free Radicals and Tissue Injury	4
2. Oxidative Stress and Free Radical Defense Mechanism	5
3. Antioxidants	6
4. Types of Antioxidants	8
4.1. Tocopherols (Vitamin E)	9
4.2. Carotenoids	12
4.3. Melatonin	16
4.4. Nigella sativa seeds	20
4.5. Carrots	22
5. Hepatotoxicity of Drugs in Relation to Free Radicals	23
5.1. Paracetamol	23
5.2. Indomethacin	30
6. Biochemical Markers of Free Radicals	33
6.1. Glutathione (GSH)	33
6.2. Thiols	34
6.3. Lipid peroxides	36
7. Biochemical Markers of Toxicity	40
7.1. Biochemical parameters in serum	40
7.1.1. Liver function markers	40
7.1.1.1. Serum total protein	41
7.1.1.2. Serum albumin	41
