I. INTRODUCTION	1
II. MATERIAL AND METHODS	8
1. AREA OF INVESTIGATION	8
1.1 Morphometry	8
1.2 Volume of water	8
1.3 Nature of the bottom	11
2. SAMPLING LOCATIONS	12
3. SAMPLING TECHNIQUE	17
3.1. A biotic variables	17
3.1.1. Temperature	17
3.1.2. Depth of water	17
3.1.3. Transparency	17
3.1.4. Sampling and analysis of sediments	17
3.1.4.1. Collection	17
3.1.4.2. Treatment of samples	17
3.1.4.3. Mechanical analysis	18
3.2. Bottom Fauna	19
3.2.1. Sampling	19
3.2.1.1. Grab	19
3.2.1.2. Dredge	19
3.2.2. Treatment of samples	19
3.2.3. Identification of samples ...	20
III. RESULTS	22
1. ABIOTIC VARIABLES	22
1.1. Temperature	24
1.2. Water depth	25
1.3. Water transparency	25
1.4. Nature of bottom	28
2. BENTHIC FAUNA IN LAKE QARUN AND THE FEEDING DRAINS	30
2.1. Distribution and seasonal variations	30
2.2. Community Composition	38
2.2.1. Phylum : Arthropoda	41
2.2.1.1. Distribution and seasonal variations	42
2.2.1.2. Species Composition and taxonomy of Arthropoda in Lake Qarun	49
2.2.1.3. Distribution and seasonal variations of arthropod species in lake Qarun	53
2.2.1.3.1. <i>Corophium ascherusium</i>	53
2.2.1.3.2. <i>Gammarus aequicauda</i>	57
2.2.1.3.3. <i>Balanus pallidus</i>	57
2.2.1.3.4. <i>Sphaeroma serratum</i>	63
2.2.1.3.5. <i>Metapenaeus stebbingi</i>	67

2.2.1.3.6. <i>Brachynotus sexdentatus</i>	67
2.2.1.4. Species Composition and taxonomy of Arthropoda in the feeding drains	70
2.2.1.5. Distribution and seasonal variation of various arthropod species in the feeding drains	71
2.2.1.5.1. <i>Gammarus aequicauda</i>	71
2.2.1.5.2. <i>Chirononus</i> sp	71
2.2.2. Phylum Annelida	73
2.2.2.1. Distribution and seasonal variations..	75
2.2.2.2. Species Composition and taxonomy of Annelida in Lake Qarun	82
2.2.2.3. Distribution and seasonal variations annelid species in Lake Qarun	85
2.2.2.3.1. <i>Nereis diversicolor</i>	85
2.2.2.3.2. <i>Polydora ligni</i>	87
2.2.2.4. Species Composition and taxonomy of Annelida in the feeding drains	92
2.2.2.5. Distribution and seasonal variations of annelide species in the feeding drains	93
2.2.2.5.1. <i>Nereis diversicolor</i>	93
2.2.2.5.2. <i>Tubificid</i> sp.....	93
2.2.3. Phylum Mollusca ..	98
2.2.3.1. Distribution and seasonal variations	98
2.2.3.2. Species Composition and taxonomy of Mollusca in Lake Qarun	106
2.2.3.3. Distribution and seasonal variation of mollusc species in Lake Qarun.....	110
2.2.3.3.1. <i>Cerastoderma glaucum</i>	110
2.2.3.3.2. <i>Venerupis aurea</i>	115
2.2.3.3.3. <i>Pirenella conica</i>	120
2.2.3.3.4. <i>Nassarius cuvierii</i>	120
2.2.3.4. Species composition and classification of Mollusca in feeding drains	123
2.2.3.5. Distribution and seasonal variations of molluscs speices in the feeding drains	124
2.2.3.5.1. <i>Theodoxus niloticus</i>	124
2.2.3.5.2. <i>Cleopatra bulimoides</i>	124
2.2.3.5.3. <i>Physa acuta</i>	127
2.2.3.5.4. <i>Corbicula consbrina</i>	127
2.2.4. Phylum Coelentrata	132
2.2.4.1. <i>Aiptasiogeton cf. comatus</i>	132
2.2.4.1.1. Classification	132
2.2.4.1.2. Distribution and seasonal variations	134
IV. DISCUSSION	142
V. SUMMARY	157
VI. REFERENCES	162
VII. ARABIC SUMMARY	178
