List of abbreviations

AF	Anterior Fontanelle
AMO	Accessory Maxillary Ostium
ANF	Anterior Nasal Fontanelle
AO	Accessory Ostium
BE= EB	Bulla Ethmoidalis= Ethmoidal Bulla
CBF	Ciliary Beat Frequency
CMS	Chronic Maxillary Sinusitis
CRS	Chronic Rhinosinusitis
CSF	Cerebrospinal fluid
CT	Computerized Tomography
FESS	Functional Endoscopic Sinus Surgery
HS	Hiatus Semilunaris
ICA	Internal Carotid Artery
MCC	Mucociliary Clearance
MM	Middle Meatus
MO	Maxillary Ostium
MS	Maxillary Sinus
MT	Middle Turbinate
OMC	Ostiomeatal Complex
ON	Optic Nerve
ORL	Otorhinolaryngology
PMO	Primary Maxillary Ostium
PNF	Posterior Nasal Fontanelle
SMT	Secondary Middle Turbinate
UP	Uncinate Process

List of Tables and charts

Table	Subject	Page
1	Shows number of patients included in group A and group B.	٧٣
2	Shows sex distribution among group A and group B.	٧٤
3	Shows comparison between group A and group B as regard to age.	٧٥
4	Shows comparison between group A and group B as regard to distribution of the main complaints.	٧٦
5	Shows comparison between the studied groups regarding presence of AO.	٧٧
6	Shows sex distribution among group I and group II.	٨٠
7	Shows comparison between group I and group II as regard to age.	٨١
8	Shows comparison between subgroup A-I and subgroup A-II as regard to distribution of the main complaints.	٨٢
9	Shows number of unilateral and bilateral AO.	٨٣
10	Shows number of AO with and without circulating mucous.	٨٤
11	Shows AO position in AF, PF or both	86
Chart	Subject	Page
1	Shows two main groups in the study.	٧٣
2	Shows sex distribution among group A and group B.	٧٥
3	Shows comparison between group A and group B as regard to distribution of the main complaints.	٧٧
4	Shows comparison between the studied groups regarding presence of AO.	٧٩
5	Shows sex distribution among group I and group II.	٨١
6	Shows comparison between subgroup A-I and subgroup A-II as regard to distribution of the main complaints.	٨٣
7	Shows percentage of unilateral and bilateral AO.	٨٤
8	Shows percentage of AO with and without circulating mucous.	٨٥
9	Shows AO position in AF, PF or both.	86
