

Contents

Introduction	8
Aim of work	11
Review of literature	
Chapter 1: Neonatal hyperbilirubinemia	
1) Bilirubin metabolism.....	13
2) Epidemiology.....	17
3) Risk factors for hyperbilirubinemia.....	18
4) Classification of neonatal hyperbilirubinemia.....	20
5) Clinical manifestations of neonatal hyperbilirubinemia.....	28
6) Diagnosis of Neonatal hyperbilirubinemia.....	34
7) Management of Neonatal hyperbilirubinemia.....	38
Chapter 2: Glucose - 6 - phosphate dehydrogenase deficiency	
1) Deficiency.....	59
2) Structure of G-6-PD.....	60
3) Genetics and molecular basis of G-6-PD deficiency.....	60
4) All G-6-PD deficiency is not the same.....	62
5) Hexose monophosphate shunt Biochemistry function.....	63
6) Epidemiology.....	64
7) Diagnosis.....	66
8) Treatment.....	74
Chapter 3: Relation between G-6-PD and Hyperbilirubinemia	
1) Neonatal jaundice.....	77
2) G-6-PD Deficiency-Associated Neonatal Hyperbilirubinemia.....	78
3) Prevention of Hyperbilirubinemia Kernicterus in G-6-PD Deficient Neonates.....	86
4) Therapy.....	87
Material & Method	89
Results	93
Discussion	107
Summary & Conclusion	113
Recommendations	116
References	118
Appendix	I to X
Arabic summary	1 to 4
