Introduction

Pediatric hip anatomy (11)

Biomechanics of the hip.....(23)

Causes of hip injuries (39)

Classifications of hip fractures..... (44)

 Transepiphyseal fractures (type I)..... (44)

 Transcervical fractures (type II).....(47)

 Cervicotrochanteric fractures (type III).....(48)

 Intertrochanteric fractures (type IV).....(49)

Classification of acetabular fractures.....(50)

Classification of hip dislocations.....(56)

Diagnosis of pediatric hip injuries.....(61)

 Diagnosis of hip fracture.....(62)

 Diagnosis of acetabular fracture.....(68)

 Diagnosis of hip dislocation.....(71)

Treatment(75)

Emergency treatment.....(76)

Treatment of hip fractures.....(78)

 Transepiphyseal fracture(type I).....(78)

 Transcervical fracture (type II).....(80)

 Cervicotrochanteric fractures (type III).....(85)

 Intertrochanteric fracture (type IV).....(88)

Treatment of acetabular fractures.....(92)

Treatment of hip dislocation.....	(97)
Complications	(103)
Complications of hip fractures.....	(104)
Complications of acetabular fractures.....	(114)
Complications of hip dislocation.....	(116)
Summary.....	(119)
References.....	(123)
Arabic summary	

List of figures

Figure	Page
Figure 1: Anatomy of the hip bone	(13)
Figure 2: Lateral and medial views of hemipelvis.....	(17)
Figure 3: Ossification of the acetabulum.....	(17)
Figure 4: Anatomy of the hip joint.....	(20)
Figure 5: Ossification of the proximal end of the femur.....	(22)
Figure 6: Ligamentous anatomy of the hip joint	(25)
Figure 7: Blood supply to the femoral head.....	(28)
Figure 8: Cause of hip fracture.....	(41)
Figure 9: Hip fractures in children (types).....	(45)
Figure10: Classification of pediatric acetabular fractures.....	(53)
Figure 11: Posterior dislocation of the right hip.....	(57)
Figure 12: Anterior dislocation of the right hip.....	(60)
Figure 13: The use of CT in diagnosis of acetabular fracture....	(70)
Figure 14: Open reduction and internal fixation of type II femoral neck fracture.....	(84)
Figure 15: Displaced type III fracture.....	(87)
Figure 16: Open reduction and internal fixation of acetabular fracture.....	(96)
Figure 17: Posterior dislocation of the right hip – closed reduction and spica.....	(100)
Figure18: Avascular necrosis of the femoral head.....	(105)
Figure 19: Avascular necrosis of the femoral head (types)	(108)

Figure 20: Complete closure of the triradiate cartilage.....(115)
