

Contents

List of Figures.....	i
List of Abbreviations.....	iv
Introduction	1
Aim of the work	4
Chapter I: History of Ultrasound Imaging and Basic Physics.....	5
Chapter II: Examination Technique.....	27
Chapter III: UBM Systems.....	37
Chapter IV: Normal Ocular Structures.....	46
Chapter V: Role of UBM in anterior segment diseases.....	49-130
Role of UBM in Corneal Diseases.....	49
Role of UBM in Refractive surgery.....	54
Role of UBM in Scleral Diseases.....	59
Role of UBM in Conjunctival and Adnexal Disease.....	63
Role of UBM in Glaucoma.....	67
Role of UBM in Anterior Segment Tumours.....	94
Imaging Zonular Abnormalities using UBM.....	103
Evaluation of Intraocular Lenses by UBM.....	106
Role of UBM in Anterior Segment Inflammatory Disease (Uveitis)	112
Role of UBM in Assessment of Strabismus.....	118
Role of UBM in Evaluation of Anterior Segment Trauma.....	122
Chapter VI: UBM and other anterior segment imaging technologies.....	131
Summary.....	142
References.....	145
Arabic Summary.....
