

# **CONTENTS**

PageNo.

## **Chapter 1**

<b>Introduction and Aim of the Work.</b>	<b>1</b>
--	----------

## **Chapter 2**

### **Review of Literature.**

- Neuromuscular transmission.	3
- Role of ions in neuromuscular functions.	10
- Opioid	22
- Regulation of opioid receptors.	31
- Effect of opioids on skeletal muscles.	34
- Other actions of opioids.	39

## **Chapter 3**

<b>Materials and Methods</b>	<b>43</b>
------------------------------	-----------

- Dissection.
- Krebs Solution.
- Variations of Calcium, Potassium and Sodium ions concentrations in the krebs solution.
- Drugs and Drug administration.
- The apparatus.
- Data analysis.

## Chapter 4

### Results.

-Control group.	
50	
-Effect of morphine on the preparations bathed with normal krebs.	51
-Effect of naloxone on the preparations bathed with normal krebs.	59
-Effects of morphine and naloxone on preparations bathed in $\text{Ca}^{2+}$ free krebs	68
-Effects of morphine and naloxone on preparations bathed in half $\text{Ca}^{2+}$ in krebs solution.	80
-Effects of morphine and naloxone on preparations bathed in double the $\text{Ca}^{2+}$ in krebs solution.	93
-Effects of morphine and naloxone on preparations bathed in 4 times the normal calcium in the krebs solution.	106
- Effect of morphine and naloxone on preparation bathed in different $\text{K}^{+}$ concentrations in the krebs	121
-Effects of morphine and naloxone on preparaties bathed with different $\text{Na}^{+}$ concentrations in the krebs.	159

## Chapter 5

Discussion.	163
-------------	-----

## Chapter 6

Summary and Conclusions.	176
References.	180
Arabic Summary.
