

## CONTENTS

|                                               | <u>Page</u> |
|-----------------------------------------------|-------------|
| AIM OF THE WORK .....                         | 1           |
| INTRODUCTION .....                            | 2           |
| - History and classification .....            | 2           |
| - Site and mode of action .....               | 12          |
| - Calcium and secretion process in general .. | 17          |
| - Calcium and smooth muscle contraction ..... | 23          |
| - Gastric ulcer .....                         | 26          |
| - Induction of experimental ulcer .....       | 29          |
| - Pharmacology of verapamil .....             | 30          |
| MATERIALS AND METHODS .....                   | 42          |
| - In vivo experiments .....                   | 43          |
| - In vitro experiments .....                  | 58          |
| RESULTS .....                                 | 60          |
| - In vivo experiments .....                   | 60          |
| - In vitro experiments .....                  | 71          |
| DISCUSSION .....                              | 79          |
| SUMMARY AND CONCLUSION .....                  | 90          |
| REFERENCES .....                              | 94          |
| ARABIC SUMMARY .....                          | —           |
