List of Tables of Results	III
List of Figures of Review	IV
List of Figures of Results	V
List of Abbreviations	VI
Introduction	1
Aim of the Work	2
Review of Literature	3
Embryology and Anatomy of CNS	3
Pathophysiology of seizures	13
Neonatal seizures	25
Diagnosis of Neonatal seizures	25
Treatment of Neonatal seizures	52
Patients and Methods	60
Results	66
Discussion	79
Summary and Conclusion	83
Recommendation	87
References	88
Arabic Summary	

List of Tables of Review

NO	Title	Page
Table 1	Classification of neonatal seizures based on electro clinical finding	23
Table 2	Some of the Inborn Errors of Metabolism Presenting with Neonatal Seizures	42
Table 3	differential diagnosis of neonatal seizures by peak time of onset	48
Table 4	Jitteriness versus seizure	52
Table 5	Acute Management of Neonatal Seizures	52
Table 6	Prognosis of Neonatal Seizures by Etiology	58

List of Tables of Results

NO	Title	Page
Table I	Incidence of neonatal seizures in total cases in NICU	66
Table IIA	Demographic and clinical data of the studied cases	67
Table IIB	Demographic and clinical data of the studied cases	٦٨
Table III	Data of cases with hypoxic-ischemic encephalopathy	69
Table IV	Data of cases with neonatal sepsis	70
Table V	Distribution of cases according to onset of seizures	71
Table VI	Distribution of cases according to types of seizures	72
Table VII	Hematological findings in the studied cases	73
Table VIII	Biochemistry findings in the studied cases	74
Table IX	CSF and blood culture among the studied group	75
Table X	Results of cranial US findings	76
Table XI	Distribution of cases according to etiology of seizures	77
Table XII	Distribution of cases according to commonest etiology of neonatal seizures	78

List of figures of Review

NO	Title	Page
Fig 1	Neural tube	3
Fig 2	Brain vesicles, 6thweek	4
Fig 3	Early development of the brain	4
Fig 4	Development of the medulla oblongata	6
Fig 5	Development of the pons and cerebellum	7
Fig 6	Development of the pons and cerebellum	7
Fig 7	Diencephalon and telencephalon	9

List of figures of Results

NO	Title	Page
Fig I	Incidence of neonatal seizures in total cases in NICU	6٦
Fig II a	Distribution of Sex in the studied cases	6٧
Fig II b	Distribution of cases according to mode of delivery	6٧
Fig II c	Distribution of cases according to gestational age	67
Fig II d	Distribution of cases according to Birth weight	67
Fig III	Distribution of cases according to onset of seizures	71
Fig IV	Distribution of cases according to types of seizures	72
Fig V	Hematological findings in the studied cases	73
Fig VI	Biochemistry findings in the studied cases	74
Fig VII	CSF and blood culture among the studied group	75
Fig VIII	Distribution of cases according to etiology of seizures	76
Fig IX	Distribution of cases according to commonest etiology of neonatal seizures	77
Fig X	Results of cranial US findings	78
