Title	Page
Introduction	I
Aim of the work	IV
List of abbreviation	V
List of tables	VIII
List of figures	X
Review of literature	
Chapter I :	
<i>Hepatitis C Virus:</i> <ul style="list-style-type: none"> • HCV genome • Viral heterogeneity • Genotypes 	1
<i>Prevalence and Epidemiology of HCV infection</i> <ul style="list-style-type: none"> • HCV in Egypt • Risk Factors for Infection in Egypt 	6
<i>Transmission of hepatitis C Virus Infection</i>	11
<i>Clinical features and natural history of chronic hepatitis C virus infection:</i> <ul style="list-style-type: none"> • Symptoms • Natural history of chronic hepatitis C • Host factors • Cirrhosis and hepatic decompensation • Hepatocellular carcinoma • Extrahepatic manifestations 	17
<i>Diagnosis Of Hepatitis C Virus Infection:</i> <ul style="list-style-type: none"> • HCV markers 	40

<ul style="list-style-type: none"> • HCV RNA • HCV core antigen • HCV genotyping • HCV serotyping • Grading and staging • Serological markers of progression • Imaging techniques 	
Chapter II :	
<i>Treatment of chronic hepatitis C virus infection:</i> <ul style="list-style-type: none"> • Treatment objectives and outcomes • Treatment of chronic hepatitis C in naive patients • Relapsers and nonresponders to treatment • Treatment of extrahepatic manifestations of HCV infection 	49
<i>Adverse effects of interferon and ribavirin therapy.</i>	62
Chapter III :	
<i>Eye complications with interferon therapy:</i> <ul style="list-style-type: none"> • Interferon retinopathy and other eye complications • Diagnosis of interferon retinopathy • Management of interferon retinopathy 	68
Patients and Methods	75
Results	83
Discussion	101
Summary	110
Conclusion & Recommendation	112
