

CONTENTS

LIST OF TABLES	i
LIST OF FIGURES	iii
LIST OF ABBREVIATIONS	v
I- INTRODUCTION	1
II- AIM OF THE WORK	4
III-REVIEW OF LITERATURE	6
A - Diarrhea	7
Bloody Diarrhea	9
1- Bloody diarrhea in children	10
2- Bloody diarrhea in adult	14
3- Examination	18
4- Diagnostic microbiology	19
5-Treatment	22
B -Bacterial bloody Diarrhea	26
1- Diarrheagenic Escherichia coli	27
a-Morphology	28
b-Antigenic structure	29
c-Cultural characters and biochemical reactions	29
d- Typing methods	30
A-Enterohemorrhagic Escherichia coli	33
• Origin	33
• Epidemiology	34
• Mechanisms of virulence	35
• Histopathology	40
• Clinical manifestations	41
• Laboratory diagnosis	41
• Treatment	43
• Non- O157:H7 serotypes	46
B-Enterotoxigenic Escherichia coli	47
C-Enteroinvasive Escherichia coli	50
D-Enteropathogenic Escherichia coli	51
E-Enteraggregative Escherichia coli	54
F-Diffusely adherent Escherichia coli	56
G-Cytolethal distending toxin producing Escherichia coli	56
2-Shigellae	57
• Introduction	57
• Bacteriological Characters	57
• Clinical Findings	60
• Epidemiology	62
• Pathogenicity	64

• Microbial Diagnosis	66
• Treatment of and Antibiotic Resistance to Shigellosis	70
3-Non-typhoid Salmonella	71
4-Yersinia enterocolitica	73
5-Campylobacter	75
6- Colstridium difficile	76
- Summary of bacteria caused bloody diarrhea	80
C-Virtual bloody diarrhea	81
1-cytomegalovirus	81
IV- SUBJECTS MATERIALS AND METHODS	84
A- Subjects	85
B- Materials	85
I -Materials used for collection and transport	85
II-Materials used for cultivation and isolation of organisms	86
III –Stains	90
IV-Media and reagents for biochemical reactions for identification of Gram negative bacilli:	90
V - Latex agglutination test for E.coli O111 and E.coli O 26 Components of the kit (DR120M)	92
VI -Materials used for detection the Cytotoxic activity of Verotoxin on Vero cells	92
VII- Other materials required	93
C- Methods	94
I -Microscopic examination of fresh smears	94
II -Culture of specimens	94
III -Identification of the bacterial isolates	95
IV - Maintenance of Vero cell line	98
V - Statistical analysis	102
V- RESULTS	106
VI-DISCUSSION	133
VII-SUMMARY AND CONCLUSION	145
VIII- RECOMMENDATIONS	149
IX-REFERENCES	152
X-ARABIC SUMMARY	192
