|-----------------|--|-------------|
| 1 | INTRODUCTION | 1 |
| 2 | REVIEW OF LITERATURE | 3 |
| | 2.1. Source of heavy metals pollutions in soils | 4 |
| | 2.1.1. Lead. | 5 |
| | 2.1.2. Cadmium | 9 |
| | 2.1.3. Nickel. | 13 |
| | 2.1.4. Cobalt | 15 |
| | 2.1.5. Zinc. | 17 |
| | 2.1.6. Copper | 20 |
| | 2.2. Heavy metals fractions in soils: | 23 |
| 3 | MATERIALS AND METHODS | 27 |
| | 3.1. Soil and plant sampling. | 29 |
| | 3.2. Soil analysis. | 30 |
| | 3.3. Heavy metal analysis. | 31 |
| | 3.4. Plant analysis | 33 |
| 4 | RESULTS AND DISCUSSION | 35 |
| | 4.1. Effect of irrigation with sewage effluents and industrial waste waters on soil properties and its content of heavy metals. | 35 |
| | 4.1.1. Physical properties of soils. | 35 |
| | 4.1.2. Chemical properties of soils. | 36 |
| | 4.1.3. <i>Status of heavy metals in the soils.</i> | 43 |
| | 4.1.3.1. Copper. | 43 |
| | 4.1.3.2. Zinc. | 48 |
| | 4.1.3.3. Lead. | 54 |
| | 4.1.3.4. Cadmium. | 58 |
| | 4.1.3.5. Nickel. | 64 |
| | 4.1.3.6. Cobalt. | 69 |
| | 4.1.4. Heavy metal fractions v.s. soil properties. | 73 |
| | 4.1.5. Concentrations of heavy metals in plants grown on soils irrigated with sewage effluents and industrial waste water. | 77 |
| | 4.2. Effect of industry full out on the status of heavy metals in soils and plants. | 80 |
| | 4.2.1. <i>Status of heavy metals in the soils around chemical plants and smelters</i> | 80 |
| | 4.2.1.1. Copper. | 80 |
| | 4.2.1.2. Zinc. | 84 |
| | 4.2.1.3. Lead. | 88 |
| | 4.2.1.4. Cadmium. | 93 |
| | 4.2.1.5. Nickel. | 97 |
| | 4.2.1.6. Cobalt. | 102 |
| | 4.2.2. Heavy metal fractions v.s. soil properties. | 106 |

| | |
|---|------------|
| 4.2.3. Concentrations of heavy metals in plants grown on soils around industrial areas. | 108 |
| 4.3. Effect of motor vehicle exhausts on the status of heavy metals in the studied soils and plants. | 111 |
| 4.3.1. <i>Status of heavy metals in soils adjacent to the agricultural highway.</i> | 111 |
| 4.3.1.1. Copper. | 111 |
| 4.3.1.2. Zinc. | 114 |
| 4.3.1.3. Lead. | 118 |
| 4.3.1.4. Cadmium. | 122 |
| 4.3.1.5. Nickel. | 126 |
| 4.3.1.6. Cobalt. | 130 |
| 4.3.2. Heavy metal fractions v.s. soil properties. | 133 |
| 4.3.2. Concentration of heavy metals in plants grown on soils adjacent to the highway. | 136 |
