Subjects	Page N.
Introduction	١
Aim of the work	٣
Review of literature	٤
Polycystic ovary syndrome (PCOS)	
Definition .	٤
Incidence .	٤
Diagnosis .	٥
Spectrum of clinical presentations .	٥
Long term risks of persistent anovulation.	٨
Investigations	١٠
Biochemical investigations	١٠
Pelvic ultrasound	١٢
Laparoscopic examination	١٤
Insulin resistance and polycystic ovary .	١٨
Induction of ovulation in polycystic ovary syndrome .	٢٨
II- Metformin in polycystic ovary syndrome .	٤٠
III- N-acetyl cysteine	٥٣
Patients and methods	٦٨
Results	٧٧
Discussion	٨١
Summary	٨٦
Conclusions & Recommendation	٨٩
