List of figures of (Literature review and results)	I
List of tables of (Literature review and results)	II
Abbreviations	III
Abstract	IV
Introduction	1
Aim of the study	3
Review of literature	4
Part (I)	4
Definition of neonatal period and high risk neonates.	4
Anatomy and physiology of respiratory system.	5
Mechanism of lung ventilation.	9
Mechanical ventilation.	10
Goals of mechanical ventilation.	12
Indications of mechanical ventilation.	12
Types of ventilators	14
Types of mechanical ventilation	15
Common mode of non invasive and invasive mechanical ventilation	16
Weaning from mechanical ventilation	22
Complications of mechanical ventilation	23
Part (II)	
Definition of quality	24
Components to assess the quality of nursing care	24
Factors affecting quality of nursing care	25
Measurement of quality in nursing care	25
Quality of nursing care for neonates undergoing mechanical ventilation	26
Subjects and Methods	34
Results	40
Discussion	84
Conclusion	92
Recommendations	93
Summary	94
References	102
Appendices (I : V)	
Arabic Summary
