Subject.	page
Introduction.	1-2
Aim Of The Work.	3
Chapter (I): Hepatitis C virus infection in Egypt.	4-23
1- Prevalence.	4-6
2- Risk factors for HCV infection.	6-8
3- Analysis of T cell responses against hepatitis C virus genotype 4 in Egypt.	9-12
4- Natural history.	12-15
5- Laboratory diagnosis of HCV infection.	16
6- Justification for Treatment.	16-17
7- Treatment Objectives and Outcomes.	17-19
8- The Optimal Treatment of Chronic HCV.	19-21
9- Current and future burden of disease.	22-23
Chapter(II):The relationship between hepatitis C virus and Diabetes Mellitus.	24-46
1-Introduction.	24-25
2- Epidemiology.	25-29
Prevalence of diabetes in HCV infection and other liver diseases.	26-27
Prevalence of diabetes in HCV infection according to stage of liver disease .	27-28
Prevalence of HCV infection among patients with diabetes.	29
3- Role of HCV infection in the development of type2DM/Impaired fasting glucose.	30-31
4- Mechanism.	32-35
Diabetes leads to HCV infection.	32
HCV infection leads to diabetes.	33-35

5- Complication and prognosis of HCV infection with diabetes.	36-37
6- Treatment of patients with type 2 diabetes and HCV.	38-46
●Management of type2DM in patients with HCV.	38-44
1) Life style modification.	38
2) Pharmacological therapy.	38-43
3)Other drugs used in the management of disorders associated with type 2 diabetes.	43-44
● Management of HCV in patients with type2DM.	44-46
Patients and Methods .	47-53
Results.	54-74
Discussion .	75-86
Summary.	87-88
Conclusion.	89
Recommendations.	90
References.	91-112
Arabic summary.	1-5
