

List of Figures

	<i>Page</i>
<i>Fig. (1)</i> Extra Embryonic Coelom.....	9
<i>Fig. (2)</i> Amniotic cavity at full term.....	11
<i>Fig. (3)</i> Human placenta, the fetal surface.....	13
<i>Fig. (4)</i> Scheme showing anatomy of amniotic membrane.....	14
<i>Fig. (5)</i> Transmission electron microscopy of amniotic membrane.....	16
<i>Fig. (6)</i> Preserved human amniotic membrane.....	19
<i>Fig. (7)</i> Amniotic membrane at time of surgery.....	19
<i>Fig. (8)</i> Sterile corneal ulcer after amniotic membrane transplantation....	26
<i>Fig. (9)</i> Amniotic membrane transplantation in corneal ulcer.....	27
<i>Fig. (10)</i> A-Amniotic membrane sutured to perilimbal conjunctival.....	28
incision, early post-operative.	
B-With florescence stain	
<i>Fig. (11)</i> Amniotic membrane transplantation	32
in neurotrophic corneal ulcer	
<i>Fig. (12)</i> A-Excision of pterygium.....	37
B- Amniotic membrane transplantation.	

- C- Taking the graft tissue.
- D-Application of graft tissue.

Page

<i>Fig. (13)</i> Recurrent pterygium and symblepharon.....	40
A-Before amniotic membrane transplantation	
B-After AMT and limbal autograft	
<i>Fig. (14)</i> E-Pterygium after conjunctival transplantation.....	41
F-Pterygium after AMT.	
<i>Fig. (15)</i> Amniotic membrane transplantation in chemical burn.....	49
<i>Fig. (16)</i> Limbal autograft at 6- and 12- o'clock positions transferred to 3- and 9- o'clock positions in the affected eye.....	50
<i>Fig. (17)</i> Limbal autograft transplantation.....	51
<i>Fig. (18)</i> Limbal allograft transplantation.....	51
<i>Fig. (19)</i> Limbal and conjunctival intraepithelial neoplasia.....	56
<i>Fig. (20)</i> Amniotic membrane transplantation for conjunctival surface reconstruction.....	57
<i>Fig. (21)</i> Amniotic membrane graft after removal of large portion of the conjunctiva.....	58
<i>Fig. (22)</i> A- Amniotic membrane transplantation in limbal and conjunctival intraepithelial neoplasia	
B- Intraepithelial neoplasia 1 year after AMT.....	59

<i>Fig. (23)</i> Steven-Johnson syndrome and limbal stem cell deficiency.....	62
---	-----------

Page

<i>Fig. (24)</i> AMT With limbal allograft (post-operative).....	67
--	-----------

<i>Fig. (25)</i> AMT In symptomatic bullous keratopathy.....	70
--	-----------
