

## List of Contents

Chapter	Item	Page
	- List of Tables	iii
	- List of Figures	iv
	- List of Abbreviations	v
	-Abstract	
<b>I</b>	■ Introduction	1
	■ Aim of the study	4
<b>II</b>	■ Review of literature	5
	☞ Overview about Anatomy and physiology of bone marrow	5
	☞ Peripheral stem cells	7
	☞ Types of stem cells	7
	☞ Pathophysiology of bone marrow depression	9
	☞ Bone marrow transplantation	10
	☞ Indications of bone marrow transplantation	11
	☞ Contraindications of bone marrow transplantation	12
	☞ Types of bone marrow transplantation	13
	☞ Routes of collecting the bone marrow	15
	☞ Criteria for bone marrow donation	18
	☞ Steps of bone marrow transplantation	18
	☞ Complications of bone marrow transplantation	21
	☞ Management of complications	25
	☞ Nursing Management for patients with BMT according the nursing process:	26
	⇒ A- Before bone marrow transplantation	27
	⇒ B- After bone marrow transplantation	37
<b>III</b>	■ Subjects and Methods	49
<b>IV</b>	■ Results	57
<b>V</b>	■ Discussion	99
	■ Conclusion	114
	■ Recommendations	116
	■ Summary	118
	■ References	125
	■ Appendices I (Tools A, B & C)	-
	■ Appendix II (Protocol)	-
	■ Appendix III (Booklet)	-
	■ Arabic Summary	-
