

Contents

Subject	Page
1- Introduction.....	1
2- Review.....	4
3- Materials and Methods.....	23
4- Results.....	43
- Physical and chemical analysis of water	43
- Isolation and Identification of algae.....	46
- The growth curve of <i>Anabaena wisconsinense</i> and <i>Oscillatoria curviceps</i>	47
- Isolation and Identification of bacteria.....	48
- Isolation and Identification of <i>Aspergillus niger</i>	51
-Antimicrobial activities of <i>Anabaena wisconsinense</i> extract.....	52
-Antimicrobial activities of <i>Oscillatoria curviceps</i> extract.....	58
- Experimental studies with infected fish by microorganism and Efficiency of <i>Anabaena wisconsinense</i> methanolic extracts against pathogenic <i>Pseudomonas anguilliseptica</i> among <i>Oeriochromis niloticus</i>	64
5- Discussion.....	69
6- Summary.....	79
7- References	82
8- Arabic Summary
