

CONTENTS

❁ INTRODUCTION -----	1
❁ Aim of the study -----	4
❁ REVIEW OF LITERATURE -----	5
I. Hypertensive Disorders of Pregnancy -----	5
II. Prostaglandins in Pregnancy-Induced Hypertension ---	27
III. Lipids, Apolipoproteins and Lipoproteins -----	43
❁ SUBJECTS AND METHODS -----	65
❁ Subjects -----	65
❁ Methodology -----	67
- Determination of Insulin by Radioimmunoassay -----	67
- Total cholesterol Determination -----	72
- HDL Cholesterol Determination -----	74
- Triglycerides Determination -----	77
- LDL cholesterol Determination -----	80
❁ STATISTICAL ANALYSIS -----	85
❁ RESULTS -----	89
❁ DISCUSSION -----	122
❁ SUMMARY AND CONCLUSION -----	140
❁ REFERENCES -----	146
❁ ARABIC SUMMARY -----
