

# ***INDEX***

|                                                                                   |    |
|-----------------------------------------------------------------------------------|----|
| - Introduction and aim of the work.....                                           | 1  |
| - History of inhalational anesthetics .....                                       | 3  |
| - Anatomy.....                                                                    | 6  |
| - Pharmacokinetics of volatile anesthetic .....                                   | 9  |
| - Mechanisms of action of inhalational anesthetics.....                           | 13 |
| ◀ Alterations in anesthetic requirement pertinent to theories of<br>narcosis..... | 13 |
| ◀ Action of inhaled anesthetics in the central nervous system.....                | 15 |
| ◀ Interruption of neuronal transmission by inhaled anesthetic.....                | 17 |
| ◀ Alterations in neuroregulators associated with anesthesia.....                  | 18 |
| ◀ Physiochemical nature of the site of anesthetic action.....                     | 21 |
| - <b>Physical properties of sevoflurane</b> .....                                 | 24 |
| - Metabolism and toxicity of sevoflurane .....                                    | 28 |
| - Effect of Sevoflurone on different body organs .....                            | 34 |
| ♦ Effect on C.N.S.....                                                            | 34 |
| ♦ Effect on respiratory system.....                                               | 35 |
| ♦ Effect on cardiovascular system. ....                                           | 37 |
| ♦ Effect on Kidney.....                                                           | 41 |
| ♦ Effect on liver.....                                                            | 42 |
| ♦ Neuromuscular effect of sevoflurane.....                                        | 44 |
| ♦ Endocrinal effect of sevoflurane.....                                           | 44 |
| - Summary and conclusion.....                                                     | 45 |
| - References.....                                                                 | 47 |
| - Arabic Summary .....                                                            |    |
