Sheth, A.R.; Vaidya, .A.; and Raikar, R.S. (1976):

"Presence of prolactin in human cervical mucus".

Fertil. Steril. 27: 397.

smith, M.L.; Luqman, W.A.; and Rakoff, J.S. (1979):
"Correlations bletween seminal radioimmuno-
reactive proalctin, sperm count and sperm
motility in prevasectomy and infertility
clinic patients".
Fertil. Steril. 32: 312.

Stanwell, Smith, R., Thompson, S.G., Haines, A.P.; Jaff-
coate, S.L.; and Hendry, W.F. (1985):
"Plasma concentrations of pituitary and testi-
cular hormones of fertile and infertile men".
Clin. Reprod. Fertil. 3(1): 37.

Stopelli, I; and Dessole, S. (1982):
"Endocrinologic features of male infertility".
Acta. Eur. Fertil. 13(3): 119.

Stricker, P.; and Grueter, F. (1928):
In "Recent Progress In Hormone Research"
(Ed. by Roy, O. Greep) Academic Press, INC.
lNew York, London.
volume 40, p. 379.

Sueldo, C.E.; Berger, T.; Kletzky, O.; and Marrs, R.P.
(1985):
"Seminal prolactin concentration and sperm
reproductive capacity".
Fertil. Steril. 43(4): 632.

Sultan, C.; Craste de Paulet, B.; Audram, F.; Iqbal,
Y.; and Ufille, C.(1985):
"Hormonal evaluation in male infertility".
Ann. Biol. Clin. 53(1):63.

Syner, F.N.; Moghissi, K.S.; and Yonez, J. (1975):

"Isolation of a factor from normal human semen that accelerates dissolution of abnormally liquifying semen".

Fertil. Steril. 26: 1064.

Tabor, H.; and Tabor, C.W. (1964):

"Spermidine, spermine and related amines".

Pharmacol. Rev. 16: 245.

Talaly, P.; Fishman, W.H.; and Huggins, C. (1946):

"Chemical composition of human seminal plasma".

J. Biol. Chem. 166: 757.

Tushjain, A.H.; Barowsky, N.J.; and Jensen, D.K. (1971):

In "Biochemistry of Hormones".

(Ed. by H.V. Rickenberg) Butterworths. London

University Park Press: Baltimore.

Volume 8, p. 89.

Tauber, P.F.; and Zaneveld, L.J.D. (1976):

"Coagulation and liquifaction of human semen"

In "Human Semen and Fertility Regulation

in Men (Ed. by E.S.E. Hafez). C.V. Mosby

Co., Saint Louis, p. 185.

Thomas, J.A.; and Keenan, E.J. (1976):

"Prolactin influences upon androgen action

in male accessory sex organs" In "Advances

in sex hormone research" (Ed. by Singhal

RL and Thomas) University Park Press Baltimore

Vol. 2, p. 425.

Thoms, J.A.; and Manandhar, M.S.P. (1975):

"Effects of prolactin and/or testosterone on nucleic acid levels in prostate glands of normal and castrated rats".
J. Endocrinol. 65: 145.

Thorner, M.O.; Edward, C.R.W.; Haker, J.P.; Abraham, G; and Besser, G.M. (1977):

"Prolactin and gonadotropin interaction in the males. In normal and infertile men".
(Ed. by P. Troenand HR Nankin) Raven Press
New York p. 351.

Toth, A. (1981):

"Abnormal seminal cytology in a patient with prolactin secreting pituitary adenoma".
Fertil. Steril. 36(6): 818.
