<u>CHAPTER</u>		<u>Page</u>
I	Preface and aim of work	1
II	Streptococci	2
	- History.	3
	- Classification	4
	- Cultural characters	10
	- Antigenic structure	12
	- Toxins and Enzymes	17
	- Streptolysins	24
	- Types.	24
	- Preparation.	27
	- Effects on cells and tissues	29
	- Methods of estimation.	31
	- Diseases produced by streptococcus	
	pyogenes	34
	- Suppurative disease	34
	- Non suppurative diseases	35
	- Rheumatic fever	49
	- Pathogenesis	49
	- Diagnosis	51
	- Acute Glomerulo-nephritis	53
	- Pathogenesis	53
	- Diagnosis	53
