INTRODUCTION AND AIM OF WORK	1
REVIEW OF LITERATURE	
- Blood glucose homeostasis	3
- Insulin hormone & its metabolic role	13
- Cortisol hormone & its metabolic role	27
- Physiology of water & electrolyte balance	37
- Infantile diarrhea	55
- Disorders of water & electrolytes in infantile diarrhea	62
- Acid-base disturbances in infantile diarrhea ...	80
- Blood glucose changes in infantile diarrhea	82
MATERIAL AND METHODS	88
STATISTICAL ANALYSIS	130
RESULTS AND THEIR ANALYSIS	133
DISCUSSION	160
SUMMARY AND CONCLUSIONS	178
CLINICAL SHEET	188
REFERENCES	192
ARABIC SUMMARY
