

3.5 Aphakic retinal detachment after extracapsular cataract extraction (ECCE)	15
3.6 Aphakic retinal detachment after phacoemulsification)	18
4 DATA ON APHAKIC RETINAL DETACHMENT WITH LENS IMPLANTATION ("PSEUDOPHAKIC RETINAL DETACHMENT")	
4.1 Incidence	21
4.2 Characteristics:	24
4.2.1 Time of onset	24
4.2.2 Types of retinal tears and extent of detachment	25
4.3 Problems related to pseudophakic retinal detachment	26
4.4 Measures to improve retinal visibility:	32
4.4.1 Mydriasis	32
4.4.2 Neodymium YAG laser	33
4.4.3 Synechiolysis and additional iridectomies	33
4.4.4 Vitreous cutting and suction procedures	34
5 RESULTS IN PSEUDOPHAKIC RETINAL DETACHMENT	35
5.1 Anatomical results after retinal reattachment surgery	38
5.2 Management of pseudophakic retinal detachment	39
5.3 Complications of retinal detachment surgery	43
6 REVIEW OF THE STUDY	
6.1 Subjects and methods	50
6.1.1 Candidate eyes	51
6.1.2 Preoperative consideration	56
6.1.3 Operative techniques	58
6.1.3.1 Balloon procedure	58
6.1.3.2 Segmental buckling procedure	60
6.1.3.3 Pars plana vitrectomy	62

6.1.4 Postoperative care	65
6.2 Results	66
7 DISCUSSION	79
8 GUIDELINES & PROPHYLAXIS	91
9 SUMMARY AND CONCLUSION	96
10 LITERATURE	102
11 ARABIC SUMMARY
