

C O N T E N T S

	Page
Summary	1
CHAPTER I. Introduction	1
1. Chemical Structure	1
2. Graft Copolymerization of Cellulose	3
Methods of Cellulose Grafting	6
i. Free-radical initiation	6
ii. Ionic initiation	21
3. Properties of Graft Copolymers	24
CHAPTER II. Literature Review	28
CHAPTER III. Original Work	38
1. Materials and Methods	38
2. Results and Discussion	43
References	73
Summary in Arabic
