I- INTRODUCTION	
i- Historical Perspective	1
ii- Biology of the Infection	3
iii- The Immunology of Schistosomiasis	6
a) Innate Immunity (Natural Resistance) ...	6
b) Role of Acquired immunity	10
c) Humoral Aspects of Acquired Immunity ...	18
d) Cell Mediated Aspects of Acquired Immunity	23
e) Specific Suppression of Response to Schistosomal Immunogens	29
f) Parasite Regulation of Host Immune Response	31
iv- Objectives of the Work	40
II- MATERIALS AND METHODS	
1. Preparation of S. mansoni antigen	42
2. Preparation of the Immunosuppressive Substance Produced by Adult Worms (ISS) ...	42
3. Grouping of Animals	43
4. Lymphocyte Transformation	44
5. Details of the Method	46
6. Materials	49
III- RESULTS	50
IV- DISCUSSION	67
V- SUMMARY	77
VI- REFERENCES	80
