

LIST OF CONTENTS

<i>Item.....</i>	<i>Page</i>
Introduction and Aim of the Work.....	1
Review of Literature.....	3
*Biology of Schistosomes	
-Life Cycle, Structure and Ultrastructure of <i>Schistosoma mansoni</i> and <i>Schistosoma</i> <i>haematobium</i>	3
*Pathological Lesions of <i>Schistosoma mansoni</i>	11
-Pathology of Schistosomiasis mansoni in Liver.....	13
-Hepatic Schistosomal Fibrosis	18
*Pathological Lisions of <i>Schistosoma haematobium</i>....	20
-Hyperplasia of Transitional Epithelium.....	21
-Transitional Hyperplasia with Atipia.....	21
-Squamous Metaplaia.....	22
- <i>Schistosoma haematobium</i> as a possible Co- Carcinogen.....	23
*The Immunopathology of Schistosomiasis	26
- Protective Immunity in Schistosomiasis	27
- Mechanism of Acquired Immunity	29
-The <i>Schistosoma</i> Pseudotubercle.....	30
