1. Acknowledgements.....	
2. Introduction and Historical review.....	1
3. Material and Methods	9
A. Source of material used in the present study.	9
B. Preparation of serial sections	9
C. Drawings.....	12
4. Systematic position and distinctive characters.	13
Characteristics of the family Cyprinodontidae and <u>Gambusia affinis affinis</u>	14
5. Observations	
Stage I (3.5 mm larva)	17
I. The neurocranium.....	17
II. The splanchnocranium	18
1- The mandibular arch	18
2- The hyoid arch.....	19
3- The branchial arches.....	21
Stage II (4 mm larva)	22
I. The neurocranium	22
II. The splanchnocranium.....	24
1- The mandibular arch	24
2- The hyoid arch	25
3- The branchial arches	27
Stage III (5 mm larva)	28
I. The neurocranium	28
II. The splanchnocranium	31
1- The mandibular arch	31
2- The hyoid arch	32
3- The branchial arches.....	33
Stage IV (6 mm larva)	35
I. The neurocranium	35
II. The splanchnocranium	38
1- The mandibular arch	38
2- The hyoid arch	40
3- The branchial arches	40

	<u>Page</u>
Stage V (8 mm larva)	43
I. The neurocranium	43
II. The splanchnocranium	46
1- The mandibular arch	46
2- The hyoid arch	47
3- The branchial arches	48
Stage VI (10 mm larva)	51
I. The neurocranium	51
II. The splanchnocranium	53
1- The mandibular arch	53
2- The hyoid arch	54
3- The branchial arches	55
Stage VII (19 mm larva)	58
I. The neurocranium	58
II. The splanchnocranium	63
1- The mandibular arch	63
2- The hyoid arch	64
3- The branchial arches	65
6. Discussion	68
I. The neurocranium	68
II. The splanchnocranium	83
1- The mandibular arch	83
2- The hyoid arch	87
3- The branchial arches	91
7. English Summary	94
8. References	100
9. List of abbreviations used in the illustrations...	114
10. Explanation of plates	118
11. Graphical reconstructions	
Stage 3.5 mm total length. Figures 1 - 11	
Stage 4 mm total length. Figures 12 - 22	
Stage 5 mm total length. Figures 23 - 34	
Stage 6 mm total length. Figures 35 - 46	
Stage 8 mm total length. Figures 47 - 59	
Stage 10 mm total length. Figures 60 - 72	
Stage 19 mm total length. Figures 73 - 91	

12. Microscopic drawings

Stage 3.5 mm total length.	Plate 1
Stage 4 mm total length.	Plate 2
Stage 5 mm total length.	Plates 3 & 4
Stage 6 mm total length.	Plates 5 & 6
Stage 8 mm total length.	Plates 7,8 & 9
Stage 10 mm total length.	Plate 10
Stage 19 mm total length.	Plates 11,12 & 13

13. Photomicrographs

Stage 3.5 mm total length.	Plate 14
Stage 4 mm total length.	Plate 15
Stage 5 mm total length.	Plate 16
Stage 6 mm total length.	Plate 17
Stage 8 mm total length.	Plate 18
Stage 10 mm total length.	Plate 19
Stage 19 mm total length.	Plate 20

14. Arabic Summary
