

CONTENTS

<u>Chapter (1): Introduction</u>	page
1. 1. Knowledge of the studied drugs.....	1
1. 1. 1. Dequalinium chloride.....	1
1. 1. 2. Tramadol hydrochloride.....	1
1. 1. 3. Ambroxol hydrochloride.....	2
1. 1. 4. Sertraline hydrochloride.....	3
1. 1. 5. Clidinium bromide.....	4
1. 2. Literature survey for determination of dequalinium chloride.....	5
1. 2. 1. Spectrophotometric methods.....	5
1. 2. 2. Capillary electrophoresis methods.....	6
1. 2. 3. High-performance liquid chromatography (HPLC) methods....	7
1. 3. Literature survey for determination of ambroxol hydrochloride.....	8
1. 3. 1. Spectrophotometric methods.....	8
1. 3. 2. Capillary electrophoresis methods.....	9
1. 3. 3. High-performance liquid chromatography (HPLC) methods....	9
1. 4. Literature survey for determination of tramadol hydrochloride.....	13
I. 4. 1. Spectrophotometric methods.....	13
I. 4. 2. Capillary electrophoresis methods.....	15
I. 4. 3. Electroanalytical methods.....	17
I. 4. 4. High-performance liquid chromatography (HPLC) methods....	18
I. 4. 5. Gas chromatographic (GC) methods.....	20
1. 5. Literature survey for determination of sertraline hydrochloride.....	21
1. 5. 1 Spectrophotometric methods.....	21
1. 5. 2. High performance liquid chromatographic (HPLC) methods....	22
1. 5. 3. Electroanalytical methods.....	23
1. 5. 4. Liquid and gas chromatographic methods.....	24
1. 6. Literature survey for determination of clidinium bromide.....	27
1. 6. 1. Spectrophotometric methods.....	27
