

CONTENTS

ACKNOWLEDGEMENT

CHAPTER (I) : INTRODUCTION

	<i>Page</i>
1. 1. Location	3
1. 2. Topographic features	3
1. 3. Climatic conditions	3
1. 4. Scope of the present work	4
1. 5. Methodology	4
1. 6. Previous work	6

CHAPTER (II) : GEOLOGIC SETTING

2.1. Dismembered Ophiolites	23
2.1.1. Dismembered Ophiolitic Blocks	23
- Ultramafic rocks	23
- Metagabbros	24
- Pillow lavas and cherts	24
2.1.2. Dismembered Ophiolitic matrix	25
2.2. Arc volcanic assemblage	26
2.2.1. Metavolcanics	27
2.2.2. Volcaniclastic metasediments	28
2.3. Arc granitoids	28
2.4. Younger gabbros	29

CHAPTER (III) : PETROGRAPHY AND ORE MICROSCOPY

3.1. Dismembered Ophiolites	30
3.1.1. Ophiolitic Blocks.....	30
- Ultramafic rocks.....	30
- Metagabbros.....	31
- Pillow lavas and cherts	32
3.1.2. Dismembered Ophiolitic matrix	33
- Tremolite talc schist.....	33
- Talc schist.....	34
- Talc carbonates.....	34
3.2. Arc volcanic assemblage	34

3.2.1 . Metavolcanics	34
- Metabasalts to metabasaltic andesites.....	34
- Meta-andesite.....	35
- Metadacites.....	35
- Metarhyolites.....	36
3.2.2. Volcaniclastic metasediments.....	36
- Metadacite crystal tuffs.....	36
- Metadacite lapilli tuffs.....	37
-Tuffaceous greywakes.....	37
- Metasiltstones and metamudstones.....	37
3.3. Arc granitoids	38
- Quartz diorite	38
- Tonalites	39
- Granodiorite	39
3.4. Younger gabbros	40

CHAPTER (I V) : GEOCHEMISTRY

4.1. Geochemistry of ophiolitic metagabbros.....	42
- Petrochemical classifications	46
- Magma type.....	46
- Tectonic setting	47
4.2. Geochemistry of pillowed metabasalts	48
- Petrochemical classifications	51
- Magma type	52
-Tectonic setting	53
- Petrogenesis	53
4.3. Geochemistry of meta-andesites	55
- Petrochemical classifications	58
- Magma type	58
- Tectonic setting	59
- Petrogenesis	60
4.4. Geochemistry of Arc granitoids	61
- Petrochemical classifications	64
- Magma type	64
- Tectonic setting and petrogenesis.....	65

CHAPTER (V):STRUCTURAL FEATURES AND SEQUENCE OF DEFORMATION

5.1. Folds	67
5.2. Foliations	68
5.3. Lineations	69
5.4.Geometrical analysis	69
5.5. Faults	70

CHAPTER (VI) : SUMMARY AND CONCLUSIONS	73
REFERENCES	83
ARABIC SUMMARY
