SUMMARY	1
INTRODUCTION.....	1
CHEMISTRY OF ORGANIC AZIDES	1
<u>PREPARATION OF AZIDES</u>	1
A. (Acid Azides)	1
I) From Reaction of Acid Chlorides with sodium azides	1
II) From Diazotization of Acid Hydrazides	3
B. (Carbamoyl Azides)	5
C. (Aryl Azides)	7
D. (Heterocyclic Azides)	8
E. (Olefinic Azides)	9
F. (Aryl sulphonyl Azides)	10
G. (Vinyl Azides)	10
<u>CHEMICAL REACTIONS OF ORGANIC AZIDES</u>	11
I. Decomposition Reactions	11
Mechanism of Thermal and Photochemical Decomposition	11
A. Decomposition via a Concerted Mechanism	12
B. Decomposition of Alkyl, Aryl Azides	15
<u>TYBES OF DECOMPOSITION REACTIONS</u>	17
1. ACID-CATALYZED DECOMPOSITION	17
2. BASE-CATALYZED DECOMPOSITION	22
3. Thermal Cyclization of Azides	30

	Page
4. Decomposition of Sulphonyl Azides Via Copper Complexes	35
II. <u>Addition Reactions</u>	37
1,3-Dipolar Cycloadditions	37
A. <u>Addition of Azides to Double Bonds</u>	38
1. Addition to Olefinic Double Bonds	38
2. Addition to Double Bonds in Isocyanates	41
3. Addition to Conjugated Double Bonds	42
4. Addition to Double Bonds in enamines	44
B. <u>Addition of Azides to Triple Bonds</u>	47
1. Addition to Acetylenic Esters	47
2. Addition to Monosubstituted Acetylenes	48
3. Addition to Ynamines	49
ADDITION OF AZIDES VIA NITRENE INTERMEDIATES	50
1. Addition to carbon-carbon double bonds	50
2. Addition to carbon-carbon triple bonds	51
<u>SPECTROSCOPIC STUDY ON ORGANIC AZIDES</u>	53
1. Ultraviolet spectra	53
2. Infrared spectra ,	53
AIM OF THE PRESENT INVESTIGATION.....	55
ORIGINAL WORK	56

PART 1:

NEW SYNTHESIS OF PHTHALIMIDO ACETIC, AND BENZOIC-, ACID AZIDES	57
---	----

(A) Synthesis of Phthalimido Acetic Acid Azide and its Derivatives.....	57
--	----

(B) Synthesis of Phthalimido Benzoic Acid Azides	58
---	----

PART 2:

(A) BASE-CATALYZED DECOMPOSITION OF PHTHALIMIDO ACETIC ACID AZIDES AND ITS DERIVATIVES	60
---	----

1) With Aromatic Amines, And Amino Benzoic Acids	60
---	----

2) With Hydrazines	67
--------------------------	----

3) Hydrolysis With Water	72
--------------------------------	----

(B) LEWIS ACID-CATALYZED DECOMPOSITION OF PHTHALIMIDO ACETIC ACID AZIDE AND ITS DERIVATIVES	77
---	----

PART 3:

(A) BASE-CATALYZED DECOMPOSITION OF PHTHALIMIDO BENZOIC ACID AZIDE AND ITS DERIVATIVES	83
---	----

1) With Aromatic Amines, And Amino Benzoic Acids.....	83
--	----

2) With Hydrazines	93
--------------------------	----

3) Hydrolysis with Water	97
--------------------------------	----

(B) LEWIS ACID-CATALYZED DECOMPOSITION OF PHTHALIMIDO BENZOIC ACID AZIDE AND ITS DERIVATIVES	99
--	----
