

## CONTENTS

	Page
SUMMARY .....	i
PUBLICATIONS FROM THE PRESENT WORK .....	v
CHAPTER (I): INTRODUCTION .....	1
LITERATURE REVIEW .....	22
AIM OF THE PRESENT WORK .....	39
CHAPTER (II): MATERIALS AND METHODS.....	41
RESULTS AND DISCUSSIONS	
CHAPTER (III): SYNTHESIS AND POLYMERIZATION OF	
PHTHALIMIDE MONOMERS .....	48
CHAPTER (IV): EXCHANGE REACTIONS .....	61
A- Exchange reactions of Poly-N-acryl- oyloxy- and Poly-N-methacryloyloxy- phthalimides (IXa and b) with Amines and Hydroxylated Compounds .....	61
B- Exchange Reactions of Poly-N-methac- ryloyloxytetrabromophthalimide with Amines, Amino Acids and Hydroxylated Compounds .....	69
C- Comparison Between the Exchange Rea- ctions of Poly-N-methacryloyloxyphth- halimide (IXb) and Poly-N-methacryl- oyloxytetrabromophthalimide (X) with p-Anisidine and Cyclohexanol .....	77

Contents (Cont.)

	Page
CHAPTER (V): COPOLYMERIZATION REACTIONS .....	83
A- Estimation of monomer reactivity ratios for copolymerizations of N-acryloyloxy- phthalimide (NAP) with methyl acrylate (MA), methyl methacrylate (MMA) and acrylonitrile (AN) by $^1\text{H}$ NMR.....	84
B- Estimation of monomer reactivity ratios for copolymerizations of N-methacryloy- loxyphthalimide (NMP) with methyl acrl- ate (MA), methyl methacrylate (MMA) and acrylonitrile (AN) by $^1\text{H}$ NMR .....	92
CHAPTER (VI): TERPOLYMERIZATION REACTIONS .....	102
REFERENCES .....	110
SUMMARY IN ARABIC .....
