

CONTENTS

ACKNOWLEDGEMENT

Chapter 1 . INTRODUCTION AND HISTORICAL REVIEW	1
Chapter 2 . MATERIAL AND METHODS	12
Chapter 3 . FISHERY STATISTICS	18
Description of the fishery	18
Catch composition	20
Catch statistics	22
Fishing effort	24
Catch per unit fishing effort	29
 Chapter 4 . AGE AND GROWTH	 33
Direct methods of age determination	33
Scale characteristics of <i>Lethrinus mahsena</i>	36
Validity of scales of <i>L. mahsena</i> for age determination	37
Time of annulus formation	38
Growth in length	40
Body length - scale radius relationship	40
Back - calculation	41
Length - weight relationship	45
Condition factor " coefficient of condition "	47
Growth in weight	53
Mathematical description of growth	55
Theoretical growth in length	67
Theoretical growth in weight	70

Chapter 5 . REPRODUCTION.....	79
Maturity stages	79
Monthly variation in maturity stages.....	82
Gonado - somatic index (G.S.I.).....	86
Ova diameter analysis.....	87
Age and length at first sexual maturity.....	89
Fecundity.....	95
 Chapter 6 . FOOD AND FEEDING HABITS.....	 104
 Chapter 7 . POPULATION STRUCTURE.....	 119
Sex ratio.....	119
Age composition.....	121
Age - length distribution.....	121
Length - frequency distribution.....	126
Mortality.....	127
 Chapter 8 . MANAGEMENT.....	 144
Yield per recruit.....	148
Maximum sustainable yield.....	152
 Chapter 9 . DISCUSSION.....	 159
Chapter 10 . SUMMARY.....	191
Chapter 11 . REFERENCES.....	199

ARABIC SUMMARY
