Aim of the work	
Summary	I
Introduction	1
• Synthesis of 4(3H)-quinazolinones from anthranilic acid or its derivatives	2
• From anthranilamide derivatives	9
• Synthesis of fused quinazoline	15
• Chemical reactions	30
• Biological activity of some quinazoline 4-one	44
Discussion	55
Figure	
Experimental	95
References	105
