<i>Chapter 1</i> – Introduction	1
1–1. General Introduction.....	1
1–2. Crystal Structure	4
1–3. General Overview of the Structure of Ferrites...	7
1– 4. Electrical Properties of Spinel	11
1–5. Literature Survey.....	12
1– 6. Aim of Work	17
 <i>Chapter 2</i> – Experimental	 18
2–1. Materials	18
2–2. Synthesis of Samples.....	18
(i) Preparation of $\text{ZnCo}_{0.9}\text{Cr}_{0.1}\text{MnO}_4$	18
(ii) Preparation of $\text{ZnNi}_{0.9}\text{Cr}_{0.1}\text{MnO}_4$	19
(iii) Preparation of $\text{ZnCo}_{0.9}\text{Fe}_{0.1}\text{MnO}_4$	19
(iv) Preparation of $\text{ZnV}_{0.9}\text{Cr}_{0.1}\text{MnO}_4$	19
2–3 Characterization Methods	20
2–3–1 X-ray Diffraction (XRD).....	20
2–3–2 Fourier Transform Infrared Spectra (FT-IR).....	20
2–3–3 Differential Thermal Analysis (DTA).....	20
2–3– 4 Scanning Electron Microscope (SEM).....	21
2–3–5 Density Measurements	21
2–3–6 Electrical Conductivity Measurements	21
