Aim of the work	
Summary	I
Introduction	1
• Synthesis of 4(3H)-quinazolinones from anthranilic acid or its derivatives	3
• From anthranilamide derivatives	8
• Synthesis of fused quinazoline	14
• Chemical reactions	31
• Biological activity of some quinazoline 4-one	46
Discussion	55
Experimental	78
Figures	
References	86
Arabic Summary	١
